Thank you for accepting the marketing and design job for “BACK TO THE FUTURE – THE MUSICAL”
I am in need of the following things to be produced for the opening of the show!
It may be helpful if you watch the film (Back to the Future), listen to the soundtrack and research the film and production.

I need the following tasks to be completed:

1. A Poster design for the show, with all the key information included.
2. An Album Artwork design for the cast recording of the show.
3. Create a stage design sketch for the show. Ensure this is labelled and for an End on Proscenium Arch Stage
4. Create a list of the instruments and musicians we will need to hire and employ.
5. Create a social media post to market the show! This should be exciting and imaginative.

Kind Regards,

Cameron Mackintosh
